Step by Step

EASIER THAN IT LOOKS

1 CONTACT US

We arrange a first meeting or home visit (this visit has a cost of \$500 pesos). In case you are not in the area where Farfarela Design is located, we can work remotely.

2 VISIT

When we go visit, a survey is done which includes measurements, photographs and plans* in which we define the type of style that the client would like by reviewing the architectural details.

*Plans are provided by the client in case he/she has them.

3 PROPOSALS

We work on an inspiration board that is presented to the client with some ideas already adapted to the real space through photo montages, etc.

6 PROJECT

Finally, the contract is signed and the project proceeds.

5 CONTRACT

Once the budget for our services and/or decoration items, furniture, etc. is approved. A draft contract is prepared for review by both parties in which delivery times, payment terms, etc. are stipulated.

4 MEETING

A second meeting is held to define the final details in order to proceed with the approximate costs with the details of each area.
